Rationale

Why is it being considered?

To consider the key themes/trends identified via the School Health Research Network survey from 2017/18 and to highlight the support arrangements for the well-being of Wrexham pupils.

What need is being addressed?

Health and Wellbeing of children and young people in Wrexham schools.

Aim

What is the intended outcome of the proposal / policy?

To provide Members with a full understanding of the current levels of support provided to schools via the Education Departments Prevention and Support Services that support children and young people to enjoy good physical and mental health in order to achieve successful outcomes in their education.

To gain an overview of the main issues affecting children and young people that might be affecting their ability to reach their potential within school and to understand the challenges faced by Prevention and Support Services and schools when attempting to respond to all the current pressures felt by children and young people.

How

How will it be delivered, by whom and by when?

Services are provided via the Education Department to all secondary schools.

Who

Who are the people likely to be affected by this proposal or policy?

All young people in secondary schools had the opportunity to participate in the survey and be in receipt of a service from the Department.

How have you consulted with the people who are likely to be affected?

The survey was provided to all secondary schools for them to complete.

Measures

How will you know when you have achieved your aims?

Improvement in results from future surveys.

What are your measures / indicators of success?

Indicators within School Health Network Research Report

Other Influences
